STATE TO PURCHASE RECREATION PARK

GAME ENDS IN TIE

GATORS' VARSITY TEAM OUTPLAYS HUMBOLDT STATE

Score of 7 to 7 Is Made By Players on Muddy Field Under Handicap

Although they outplayed and out-fought their opponents, the San Francisco State Teachers' varsity football team had to be satisfied with a 7 to 7 tie with the heavy Humboldt State college eleven last Saturday at Eureka. The game was played in a sea of mud, and a heavy downpour of rain fell throughout the second half of the contest. The condition of the field, no doubt, handicapped the visitors' attack. The Gators completed only three out of fourteen passes attempted, but the hard charging line opened huge holes in the opposing forward wall, allowing Nolan, Krieger, and Donnell to rip off eleven first downs to the Northerners' eight.

The Gators scored in the second period with Donnell, Alderman, and Krieger carrying the pigskin and the second string line outchugging the home team on every play. Alderman put State in scoring distance with two of the prettiest runs of the day. Dodging in and out of Humboldt's heavy line, the light and elusive half-back carried the ball from Humboldt's forty yard line to their fifteen yard line. From there Krieger found a hole off right tackle and drove to the one yard line; at this point the Humboldt line dug their cleats into the turf and held for two downs but the States would not be denied of the touchdown. On the third down Krieger dove over the line for the score. Alderman passed to Goldman for the extra point. In the closing minutes of the same period the visitors threatened to score again, but an intercepted pass ended the drive.

The third period consisted largely of repeated assaults on the San Francisco goal line by the Humboldts. Led by Parton, a substitute fullback who hit the line low and hard, the Northerners twice reached the Gators' five yard line as the result of two fifteen yard penalties at critical moments. The hard fighting State line on both occasions held their opponents for downs, Rudd Sampson, and Saadallah crashing through the Humboldt line and stopping the ball carrier at the line of scrimmage. On the third drive, however, the Northerners could not be stopped. A ten yard pass, Simpson to Tatman, resulted in a score.

Bay Leaf Presents Complete List of Classes for Spring

INAUGURATING a new semi-annual feature as an aid to students, the Bay Leaf this week presents a complete registration schedule for the coming spring semester.

The staff of the Bay Leaf is glad to cooperate with the registrar's office and the Associated Student Body in donating the space that State students may have a handy reference schedule of classes to be offered during the coming spring semester.

Keep this copy of the Bay Leaf for reference, and start now in preparing your schedule for the ensuing term.

Activities Room Now Social Hall

There is now a social gathering room for the students of State. It is the Activities Room, or Room 109, College Hall. This room has been opened for the students of the college to use as a recreation room; a place where one can meet his friends in a sociable way. There will be someone in charge of the room from the time it opens at nine o'clock until it closes at four o'clock. It is requested that the students do not use the piano in this room during class hours. They may use it between twelve and one, however. Playing cards may be obtained from the hostess in charge.

A program will be posted outside the Activities room telling who is in charge each hour and what clubs have reserved the room for special meeting hours.

It is thought that it will no longer be necessary to make a rendezvous of the Co-op and a social hall of the library.

College Women Wise Workers

Giving beauty treatments, cooking dinners, caring for children, and coaching are some of the things done by the ambitious young women at State who are working their way through college. These women are always advised by Dean Mary A. Ward to carry lighter programs of fourteen or fifteen units. This procedure enables them to take part in some extra-curricular activities. According to Dean Ward, women working their way through college usually have a superior scholastic record. They have learned how to budget their time wisely.

This semester two college students are cooking dinners for teachers in the city schools. These students plan the meals and order the food. After their classes end they cook the dinner, and wash the dishes. Dean Ward states that the teachers are quite pleased with their student cooks; it is hoped that next term more women can be placed in positions of this type.

During the football season women take care of children on Saturdays. They take the children to a good show or to some place of interest in the city.

One student who lives at the Recreation Club has been giving beauty treatments to the other club members.

May '34 Plans Dance

Limiting the number of bids to 150, the class of May, '34 is to hold its semi-formal dance November 6, 9 p. m., at the St. Francis Yacht Club. Low sophomores may get their bids at \$1.25 per couple, Wednesday and Thursday of this week. And the remaining bids will be on sale to the entire study body beginning Friday. All bids may be procured at the Book-store.

Africa Excites State Traveler

"Africa"—it excites the imagination with its mystery and always approaching death, but that it is a hospitable land is not so well known. One of the students at State has recently returned from a trip to Algeria and Tunis, and it was in these two countries that he really surprising examples of hospitality were experienced.

If, for instance, an auto owner wishes to go to another town and wants passengers to share the expenses, he cries aloud the name of his destination; all who desire transportation hop on; one Arab even stood on the running board so that an American could sit inside the car. When they reach the end of the journey they pay the driver—the fare is remarkably low.

Food, even though of the crudest kind, was gladly given. On this occasion the Arab set before his guest a bowl of sweet oil in which bread was dipped. Though not a delicacy, it was nourishing and substantial.

Debating Club Loses to Girls

Delta Sigma, debating society at State, sponsored a debate with Girls High School last Wednesday. The question for debate was, Resolved, That the Federal Government Should Control Production. While at Girls High a decision was given in favor of the girls; there was no decision given at the encounter at the Frederic Burk Auditorium.

Much credit should be given to the teams who represented State in this debate, especially Norbert Nichols who debated the question with comparative ease although having but one day's preparation.

A debate has been scheduled with the College of the Pacific for November 20 according to latest reports from Dick Hull, Delta Sigma manager. The question for debate will be, Resolved, That the Federal Government should be given power to Control Production.

Hallowe'en Luncheon Is Planned By Class

With Hallowe'en as the motif of the day, the class of May, '32 is planning a luncheon for Thursday, October 29. This affair, which gives promise of great success, is to be held in the Activities Room.

Doris Hobson, general chairman, states that many surprises—which are not to be here divulged—are in store for all those who attend the affair.

Other people who are working on the luncheon are as follows: Frances Shock, decorations chairman; Sylvia Burke, refreshments chairman; Elizabeth Baker, entertainment chairman; and Agnes Gee, publicity chairman.

JUNIOR CLASSES HAVE SUCCESSFUL DAY, ALSO DANCE

Third Year Students Combine In Planning Semi-Formal and Novel Luncheon

Was it a success? Ask any Junior. Junior Day, Friday, October 23, set a precedent which will be difficult for third-year classes of the future to surpass. Pep and pleasure characterized the activities of the entire day.

Faculty Speaks at Luncheon

Highlights of the Junior luncheon, held in the Activities Room, were the addresses of the faculty members, the decorations, and entertainment. The speeches were friendly and brief. Vice-President DuFour introduced a note of amusement when he timed himself, and concluded his talk with the word, "Time," after exactly one minute and seven seconds had elapsed. The decorations were carried out in colors suggestive of both Hallowe'en and Autumn. Several members of the Junior class entertained with vocal solos, one member with a monologue, and another with a piano solo. Community singing, led by Miss Eva A. Levy, brought the luncheon to a close.

Bridge Played During Afternoon

"Open house" for Juniors was held in the Activities Room from 2 to 5:30 o'clock. Tea was served, and the afternoon was spent in playing bridge, in chatting, in singing, or in doing what one pleased. Approximately 100 Juniors attended the luncheon, and as many visited the Activities Room during the afternoon.

Not one of the 175 couples who attended could have been disappointed with the music, the favors, or the dance programs at the Junior Prom last Friday night. The surprise favors, corsage pins with S. T. C. seal on the heads, were received with much favor; the programs, too, were highly appreciated.

Phi Lambda to Hold Spook Hop

Old King Fun will reign supreme on October 30 at the William Taylor Hotel. In a ghostly Hallowe'en atmosphere members and friends of Phi Lambda Chi will dance to the musical strains of the Blue Rhythm Boys under the direction of Dick Hull.

Members of the Associated Student Body and their friends are very cordially invited to attend Phi Lambda Chi's Hallowe'en Sport Dance. The bids will be on sale soon for seventy-five cents.

The committee chairmen in charge of the dance under Doris Hobson are as follows: Roberta Connor, programs; Madeline Tank, decorations; Katherine Shurtz, publicity; and Jean Burnside, tickets.

Phi Lambda Chi Plans Constitution Revision

Phi Lambda Chi met in Room 117 on Tuesday, October 13, for the special purpose of considering revision of the present constitution and settling other important old business. The arrangements and extensive reports on the constitution were turned over to a committee. It was suggested that the sorority buy dishes for the clubhouse. It was finally decided to give it over to committees, with Oriana Stahl as general chairman.

The girls chose the quality of their stationery and voted to have the club insignia on it. Many girls have signed up for athletic activities in the W. A. A., yet it is being advocated that Phi Lambda Chi organize a team of its own. More will be said about that at the next meeting.

Negotiations Completed For S. T. C. to Get Field

PARENT-FACULTY GROUP WILL HOLD FATHER'S NIGHT

Special Features Planned for Anniversary Program of State Organization

An evening meeting of the Parent-Faculty will be held Wednesday night, November 4, at 8 o'clock in the Frederic Burk Auditorium. Fathers will be the guests of honor for the evening. This meeting will also celebrate the first anniversary of the club, which was organized a year ago.

Students Invited

A student program is being planned and students are invited to come to the entertainment. Mrs. Burge said, "I was gratified by the large attendance of the students at our last entertainment in the college and hope that it will again be as great." Following the program, refreshments will be served, concluding the festivities of the evening.

Pennant Committee Appointed

A committee of club members has been appointed to investigate the purchase of pennants for San Francisco State Teachers' College. They are instructed to find out who purchases the pennants that fly over all state buildings and report back to the executive committee of the Parent-Faculty.

The members serving on the committee are: Mrs. J. W. Withers, chairman; Mrs. F. D. Merrill, Mrs. C. L. Williamson, and Mrs. M. Potasz.

Librarian Here Awarded Honor

San Francisco State Teachers' College is honored to have one of its faculty members conferred with the post of chairman to the Teachers' College Library Committee of the California School Library Association, Northern Section. This faculty member is none other than Miss Ruth Richards, cataloger of the library staff.

When asked why she accepted the offer to become chairman of this committee, she smiled a characteristic charming smile and said, "Why?" Pausing, she added, "I accepted the offer because I'm interested in teachers' college libraries." She said that the work of her new post covers a very wide sort of study, which includes some research work besides co-operation with other libraries.

Teresa Denner Appointed Chairman of Siena Social

The regular business meeting of the Siena Club was held Monday afternoon, October 19, at 4 p. m., at the clubhouse.

Garments procured for the Needlework Guild were on display at the clubhouse. The money used in purchasing them was obtained by giving a tea.

Plans also were begun for the orphan's party which is held every year for the children of St. Joseph's Orphanage.

Provision Will Be Made for Football Field with Quarter Mile Track, Playfield, Six Tennis and Five Handball Courts

Recreation Park, San Francisco's historic downtown sports field, will be purchased as an athletic field for San Francisco State Teachers' College as soon as a few minor details of financing have been smoothed out by the owners of the 4.54 acre tract.

Negotiations between representatives of owners of the field, Roland Vandegrift, state director of finances, through his assistant, Fred Sinks, and Dr. Alexander C. Roberts, president of San Francisco State, were satisfactorily completed last week and the papers are ready for transfer as soon as the thirty persons who have a financial interest in the ball park clear the title to the property.

Construction To Be Started

Work on the construction of a football field, track, six tennis courts, five handball courts and a turf field for horseshoes and archery will be started as soon as the purchase is effected, probably late this week, Dr. Roberts announced.

The field is located in the block enclosed by 14th, Valencia, 15th and Guerrero streets and is only two and a half blocks from the state college campus.

Lockers To Be Built

The grandstand along the east side of the field will be left in its place, but the lower section will be removed and the upper deck of the stand brought to the level of the field. The bleachers in what was formerly right field will be straightened to line up with the grand stand instead of curving out into the field as they do now. The grandstand on the south side will be removed and placed down the middle of the field parallel to the east grandstand with the football playing field and track between the two stands.

Separate dressing rooms, lockers and showers for men and women students will be located under these midfield stands, Dr. Roberts said.

Playfield Planned

A big playfield, suitable for women's hockey and football practice will be located back of the midfield grandstand and six tennis courts will be installed. There will also be five handball courts and a long grassy strip suitable for archery or horseshoes.

The entire property is 390 by 560 feet with a few small corners of adjoining property jutting in to keep it from being a perfect rectangle.

The football field will be circled by a quarter mile running track with the necessary jumping and vaulting pits back of the goal posts.

Twenty thousand dollars will be available for construction work by the time the deed is delivered and Dr. Roberts estimated that the field would be ready for use by early spring.

LAST MINUTE NEWS

EPSILON MU TO HOLD ALL-SCHUBERT PROGRAM

An all-Schubert program will be feature of the next meeting to be held by Epsilon Mu, State's new music club. The meeting will take place in Room 117, Friday, 4 p. m. Students who wish to join are cordially invited to attend this program.

MRS. RUTH WITT-DIAMANT'S ADVISORY GROUP HOSTS TO LOW-FROSH

State's Low-Frosh are to be the guests of Mrs. Ruth Witt-Diamant's Advisory Group this evening at a "weenie" roast to be held at Fleishacker Beach. The program will consist of games, and entertainment is scheduled to start at 4:15 p. m. Bids may be secured from Hal Gurley, chairman of the committee, for 20 cents.

STATE HAS NEW BANNER

State has purchased a new banner to be displayed at all its athletic events. This banner was purchased with funds made possible by Syd Trager and the noon-day dances.

THE ONCE OVER

by James W. Stinchcomb

ASKING your pardon, I drop back to the twelfth of October. That was Columbus Day.

A COUPLE of scheming students from my English class fairly inveigled the instructor into letting us all go over to Frederic Burk. The schemers were certain that the play which we would see would be strictly educational. Though doubtful, the instructor let us go—let five of us go (if I must be truthful); the rest ducked for home.

I ARRIVED at the auditorium. The play was in progress. The principal of the training school was the usher. He seemed to motion to me. I hardly knew what was coming. A vision of being ejected from a public place flashed before my eyes. Now it is necessary for us to go back even before the twelfth. My purpose is to check up on this vision like a true disciple of Woodworthian psychology. You see, shortly after the time when I first enrolled as a freshman, I once slipped into a comfortably appearing room to rest a bit. Two minutes elapsed when in came a man scowling like Simon Legree. I became a cringing Uncle Tom. I was being lashed with these words: "You are in a feminine sanctuary. Get out!" I could see seven hundred women looking on at me. I grew white, cold, red, hot; I got out.

SO, it is easy to see why I was puzzled when this same man beckoned to me from the middle of the aisle of a crowded auditorium. He advanced, smiled, pointed to an empty seat and went on ushering; my fear reaction subsided. Maybe he failed to recognize me in the dim light. Some women came in and were standing. I would have caused a disturbance by being a cavalier then, so I sat. The usher walked up and down the aisle. Once more, I felt that he was after me. He seemed to say, "Get out. You are keeping seven hundred women from sitting down. You—"

JUST then I forgot about ushers. Columbus was coming in. He was a red-headed Columbus, but a good one. There began such a pageant as we had never before seen. Columbus, Indians, storms, mutinous sailors, the New World—all were present, with choral accompaniment.

AS I left that performance, it seemed to me that here was the way for Dr. Du Four to teach us about America. He could enter the classroom dressed like, oh, let us say Neptune. He could sing, "Who will conquer me tonight, me tonight, me-e-e tonight?" Then we could sing, "Columbus will, so brave and true, so brave and true, so brave and true."

Local drug stores recently used in a window display an English Pharmacopoeia of the year 1654. One page offered a cure for drunkards: "Eels being put into wine or beer and suffered to die in it, he that drinks it will never touch that sort of liquor again."

There might be added, "nor any other sort."

A LITTLE bird told me: A few anatomical students here actually enjoy the work with genuine dead bodies.

STATE GRIDDERS TO CLOSE SEASON AGAINST SALINAS

Cox Reports Players in Good Shape for Game at Ewing Field Next Saturday

Rounding out a nine-game schedule, the State eleven will meet the strong Salinas Junior College aggregation on Ewing Field Saturday. The game will start at 2:30.

Salinas is a mystery team. Just how good the Cowboys are no one seems to know. So far this season they have not been forced to use their full strength to turn in a victory. Their closest and hardest fought game was with Menlo J. C., in which Salinas turned in a well-earned 19 to 13 victory.

Staters' Performance Good

Last week against Humboldt State the Gators were at their best. They looked like a great team marching up and down the field, but nearly every march was nullified by the slippery sod. However, past performances will not aid them against the heads-up team from the south.

According to pre-game dope, the teams in Saturday's game are evenly matched in every department. If victory depends on an aerial attack, the Staters have a good chance to win. Ray Kaufman, Gators' triple-threat halfback, has shown plenty of ability in flinging the pigskin. His passes are accurate and speedy. On the receiving end of Ray's tosses will be Nickerson and Goldman.

Donnell May Start

Kaufman and Donnell will probably start at halfbacks for State, with Nolan at full. Parker may get the call at quarter. Kretser, Christensen, Bell, and Alderman, some light, fast backfield men, are likely to see action. If the field is wet, Ted Krieger and some of the heavier men will see service.

When the curtain goes up Nickerson and Goldman will probably be holding down the end jobs. Samson and either Woodworth or Petersen are the likely starters at tackles, with Saadallah and Furst in the guard positions. Rudd is the present choice at center. None of the above mentioned players are a cinch to start and may find themselves on the sidelines when the whistle blows.

Babe Ruth in an exhibition game at the Seal Stadium hit nine balls over the right field fence. During the entire 1931 season only two players duplicated this feat.

St. Mary's Varsity turned back Gonzaga University by a score of 13 to 7 making them one game closer to an undefeated season.

Stanford and Washington played a tie game in the North. A wet and soggy field proved a hindrance to both teams.

Humboldt, State Is Hard Fought, Thruout Fray

(Continued from Page 1, Col. 1)

Parton crashed through center for the extra point to tie the score.

Coming back with renewed energy in the fourth quarter, the San Franciscans outplayed the Humboldtters throughout, keeping the ball in Humboldt's territory during the entire period. Although they made four determined assaults, one of which ended on the three yard line, State was unable to cross the final barrier.

Every member of the Gators' varsity played a good game. Samson and Woodworth were especially effective on the line; while Kaufman, Alderman, Donnell, Krieger, and Nolan were outstanding on the line.

Craft Course to Offer in Art 71

At the beginning of next semester, Art 71, which is a craft course, will again be given at this college.

According to Miss Evelyn Mayer, art instructor, the course is designed for students so that they may create and execute their own designs through the process of block printing, stenciling, dyeing, and clay modeling. Miss Mayer believes that this is a very practical course because the students make only those things which are of use, such as book plates, batikwork scarfs, and tie and dye work.

Art 71 carries a prerequisite of Art 10. In giving this course a new system will be tried. Three units are to be given for three hours of work, which are to be divided into two periods, each an hour and a half in length. It will be given on Tuesday and Thursday, from 8:30 to 10 o'clock. It is believed by this method that more work will be accomplished. Art 71 is not listed in this year's college bulletin, but will be given in the spring semester.

Mrs. C. L. Phelps Dies

Mrs. Clarence L. Phelps, wife of the president of Santa Barbara State Teachers' College, died at her home in Santa Barbara Thursday following an illness of several years. Although Mrs. Phelps was not known at San Francisco State, Dr. Phelps has visited here on several occasions and the faculty and student body join in extending him sympathy.

Campaign Against Noise

The library committee under the chairmanship of Mrs. Olive Cowell is starting a campaign against noise in the library. All talk and useless noise must be eliminated, according to Mrs. Cowell. The committee solicits the cooperation of the students, since they are the only ones who cause the disturbances.

ST. MARY'S GRID STARS SPEAKERS AT BLOCK LUNCH

Bill Fischer, President of St. Mary's Block Society, Gives Advice

The first of a series of monthly luncheons was held by the Block "S" Society in the faculty room of the cafeteria last Thursday.

"Woody" Peebles and Bill Fischer, two of St. Mary's outstanding gridiron stars, were guests of the block wearers. Other guests of honor included Dr. Roberts, Dean Du Four, and Dean David Cox.

Dr. Roberts Speaks

At the conclusion of the luncheon, Lewis Du Four, president of the Block "S" Society, called on Dr. Alexander Roberts for a few words. Dr. Roberts in his short talk brought forth the fact that the organization is still in its infancy. "Many problems will have to be met and overcome before the society can be considered as a success," he stated. "However," he continued, "the men in this group have already proved themselves dependable, and I have every reason to believe that they will be successful in their present undertaking."

Dean Du Four, the next speaker, made Dr. Roberts' pioneering idea the theme of his talk. He also expressed the desire to hear the St. Mary's boys tell of the benefits of the Moragan Block Society to the college and to the students.

Dean Cox, State's energetic football mentor, was next called on. He made his remarks brief, however, expressing the desire to hear from the St. Mary's representatives.

Advice Given by Players

"Woody" Peebles was the first of the trans-bay visitors to speak. He told of several problems that can be solved by a letter society. He was followed by Bill Fischer, president of the Big "M" Society at St. Mary's. Mr. Fischer gave a great deal of practical advice to the members on how to conduct a letter organization. He also outlined many of the problems that the group will run up against and suggested solutions for them.

With last year's 74 to 0 defeat still ringing in their ears the California Golden Bears displayed much class in holding the strong Southern California Trojans to a 6 to 0 victory.

Unusual Books Are Added To Reference List

There has been added to the reference collection in the College Library several books in widely varying fields which are sure to attract the attention of many students. One is called "Schule und Praxis des Konditors," which translated, is "Theory and Practice of the Confectioner." Its subtitle is "A Treasure Trove of the Modern Confectionery Industry With About 1000 Special Prescriptions, 266 Illustrations of Text Matter, and 42 Tables in Four Colored Prints." This title gives but slight indication of the good things displayed. Students who have examined it say that the pictures of food and sugar confections actually make their mouths water.

A second volume was, like the first, printed in Germany, this time in Berlin; but unlike the other it has no English text. Its title is "Unformen der Kunst"; its sub-title is definitely more descriptive of the work, "Photographische Pflanzenbilder." This volume is almost entirely made up of full-page prints, some of which are of a high degree of excellency.

Men to Vote On Constitution

The men students of San Francisco State held a meeting in room 210A Friday to vote on a new constitution. Owing to the football team's departure for Eureka and probably the rainy weather, the assemblage was small and there was not a quorum present to vote on this important issue.

President James Stinchcomb emphasized the importance of having all the men of the college attend the meetings. Copies of this new constitution will be placed at vantage points around the campus. It is important that every male student at State take a look at this newly formed charter and give his opinion at the next meeting to be held, which will be announced by posters in the halls.

Glee Club Has Mystery Party For Members

It took very little deduction to solve the mystery party that the Glee Club gave Thursday, October 22, in the Activities Room. For it all boiled down to that time-worn expression of complete enjoyment, "a good time was had by all."

The usual gossip and general "get-together" started the party, until Mildred Scott announced that there would be a game of autographs. Each member of the Glee Club brought small gifts for a grab-bag sufficient to supply each guest with a novel present.

The highlight of the entertainment was the singing of negro spirituals by Wesley Johnson, who sang of his own people in real Southern style.

Next followed a round of community singing, with Mildred Roof as accompanist. Lillian Yandle, alto, sang two solos.

At six o'clock Miss Eva Levy, director of the Glee Club, announced that the refreshments would be served. These consisted of potato salad, hot dogs and buns, cake, and coffee.

Miss Eva Starovich had charge of the entertainment and did the announcing. As the last part of the entertainment Miss Eleanor Quandt sang two numbers.

Miss Abbott Addresses Student Teachers Here

Miss Pansy Jewitt Abbott, Superintendent of Schools in San Mateo County, was a visitor at San Francisco State Teachers' College Wednesday afternoon, October 21. During her visit, Miss Abbott addressed a group of student teachers on the subject of "Qualities Looked For in New Teachers." After the address the students asked questions of the speaker concerning problems to be met in the teaching field.

TEACHERS USE NEW METHODS AT CHINESE SCHOOL

Colored Pictures, Pantomime, Take Place of Primers in Teaching Orientals

New problems are encountered and new techniques are employed in teaching at the Commodore Stockton School in the heart of Chinatown.

No primers, no painful "three R's" add the heads of the placid youngsters, whose ancestry in many cases bridges centuries to ancient China. Bright-eyed, with neat, square-cut hair, they sit patiently while through their minds there penetrates the idea of a strange gibberish called English.

"For the first six months," explained Miss Anna Conlon, one of the teachers, "we impress upon them the relation between the English words and the simple experiences of their home lives by means of brightly colored pictures, by pantomime, by 'acting it out'."

And they're wise. To a stranger they all look alike. But they're individuals. And when a new teacher has trouble distinguishing them apart they enjoy the fun. That's where their sense of humor comes in.

Ida Lum, Fong Suey How and Gwendolyn Chan, 6-year-olds, demonstrated their class technique for Miss Anna Croughwell, principal. Gravely, with an odd dignity but a slumbering twinkle in their eyes, they went through their performance.

"They know they're on exhibition," Miss Croughwell said, "and they like it."

Students Meet Advisors Monday, November 2, 2 o'clock

Mr. Knuth Gives Suggestions For Cinch Avoidance

According to Mr. William Knuth, head of State's music department, there is a way to eliminate cinches. No, it's not "apple-polishing," as it is generally labeled. But here it is; read it and weep:

"To secure good marks," Mr. Knuth says, "one must take an active interest in one's subject, and take occasion to let the prof see that you are. Study your prof, his point of view and also his favorite hobbies. Secure his confidence in you and prove to him that you are a serious student and able to do the work. Don't make yourself boring while the teacher is busy, especially near the periods of the examination, but also don't fail to take each small opportunity to let the instructor know you and the work you are doing."

Now that all have garnered that rare bit of information, zoo students who received cinches will probably go to Miss Pickard and see if she will let them bring their pet turtle to school for the rest of the class to study. She'll probably say, "NO!" but you never can tell; where there's a will there might be an "A."

Advisory Group Makes Plans For Meetings

Dr. Ruth H. Thomson's advisory group lunched together in the Activities Room October 7. A program of music and stunts was arranged by the chairman, William Wooleston. At the gathering it was decided to meet for luncheon once every six weeks. George McChesney was elected secretary of the group, and Eugenia Smith, Hazel Robinson and John Parker were chosen to provide entertainment for the meetings.

Speaking of Ink

Dear T. N. T.: It certainly is a pleasure to run out of ink in the library since all we have to do is—break our train of thought, move our books, disturb other students and run up to the Co-op to fill our pens. All totaled this doesn't take more than about fifteen minutes. And if we lose the edition, from which we are getting information, that doesn't matter either. But what does matter is the fact that it would be a whole lot easier, save a great deal of time and cause less disturbance for fellow students if there was an ink fountain in the library, itself, where we might fill our pens, save fifteen minutes and get about twice as much studying done. Of course I don't want to hurt anyone's feelings by mentioning this fact—But we do need ink in THE LIBRARY.

Sincerely,

—THE OBJECTOR TO MUSIC OVER THE LIBRARY.

See Faculty Advisor

Dear T. N. T.: I have entered this institution to gain a teaching certificate in the speech arts. Since arriving here I have found that there are, at present, no classes taught in the development of the speaking voice, debating, or public speaking. How is a student going to gain the ability of addressing his or her class without being taught poise, voice placement, and many other essentials which constitute a good teacher? I wish the curriculum committee would look into this, as there are many others in the same boat as I am.

—FUTURE SPEECH ARTS TEACHER.

An absent-minded soldier sewed his money in his coat and then gave away the coat. Avoid danger of hoarding. Put your savings in Northern California Building and Loan Association, 206 Crocker Bldg., and you'll get 6 per cent interest—and safety.

PROCEDURE

Be ready to present a tentative program to advisor at advisory meeting.

1. Have tentative program approved by advisor.
2. Present this program at desk (Room 110).
3. Clerk will issue a white program card and a class enrollment card for each class elected.
4. Fill out all cards completely and carefully in ink.
5. File all cards with clerk.

Students are responsible for requirements as listed in the bulletin issued at the time of their entrance into the college.

It is imperative that students of upper division status select their free electives from courses numbered over 100. Upper division courses are for juniors and seniors, not freshmen or sophomores.

SCHEDULE FOR ADVISORY MEETINGS

Advisory Meeting Monday, November 2, 2 o'clock

The schedule of rooms for the meeting with the various groups is as follows:

Advisor	Room
Miss Allcutt	210
Miss Anderson	F104
Dr. Arnesen	118
Mrs. Billingsley	F207
Miss Bock	209
Mr. Brown	F. Aud.
Mrs. Bridge	Gym.
Miss Burkholder	208
Mr. Butler	117
Miss Carter	F. Aud.
Miss Barbour	KP7
Miss Casebolt	A206
Dean Cox	A210
Miss Cundiff	Gym.
Miss Crumpton	208

Mrs. Dorris	A115
Mrs. Ellsworth	119
Mr. Fenton	113
Miss Hale	Gym.
Mr. Knuth	205
Miss England	KP4
Mrs. Lund	F210
Miss McCall	207
Miss Mayer	211
Mrs. Monroe	213
Mr. Morse	A207
Mr. Mundt	A204
Miss Pickard	A110
Mrs. Spozio	201
Dr. Thomson	F216
Mrs. Witt-Diamant	114
Miss Vance	110

No classes are scheduled on Monday, November 2, at 2 o'clock.

Signed: SCHEDULE AND REGISTRATION COMMITTEE.

PROGRAM-MAKING INFORMATION

Art

Art I is for students who have had no art in high school. (For high freshmen and low sophomores.) Students having had Art in high school should enroll in Art II.

Biological Science

Two units of laboratory work are required in lower division of the minor over and above the basic requirements.

B. S. 12, Bacteriology, carries 2 units of laboratory work.

B. S. 121, Physiology, is limited to 20 Physical Education majors and minors. (Laboratory fee \$5.00.)

B. S. 136, Ornithology, will not be given again for a year.

Education

Ede. 103, History of the Education of Young Children, though not required, is recommended for Kindergarten-Primary students.

Ede. 121, Advanced Principles of Elementary Education, may be substituted for Education 124, Philosophy of Education and vice versa during the spring semester.

Ede. 331, The Teaching of Music in the Secondary Schools, is offered only in the spring semester. This course should be taken before applying for Practice Teaching in Music in Junior or Senior High Schools.

Ede. 345, The Teaching of Social Studies in the Junior High School, may be elected either as a two-unit or a three-unit course.

Candidates for the combined Elementary and Junior High School Credentials will not be required to take both Education 121 and Education 124. Such candidates may take either course.

Candidates for the Junior High School Credentials should bear in mind that the required methods courses in the major and minor fields, and the required course in Junior High School Education, are offered only in alternate semesters. Principles of Secondary Education may be elected as a substitute for Junior High School Education.

Upper division pre-secondary students must observe the required courses in Education (Catalogue, page 59). During the spring semester two of these courses will be offered, and

should be taken by such students. Certain of these courses are offered only occasionally.

Sub-Collegiate

All students working for the credential in Kindergarten-Primary, General Elementary, or Junior High School Education, are reminded that assignment to practice teaching depends in part upon preparation in penmanship and grade subjects; and that those failing the tests in penmanship and arithmetic must enroll in the special classes, for which a charge is made.

All sophomores who have not passed the penmanship tests or course must enroll in Education A this next semester.

English

No new students should register for a Rhetoric Minor as it has been discontinued.

For the spring semester there are no substitutes for English 51 and 57 in the English Literature Minor.

English 102 will not be accepted as a literature course in the Literature Minor.

Applications for English Literature Majors, Minors and Speech Arts Minors must be approved by the designated departmental advisers. See Dr. Arnesen, chairman of the English staff.

Music

Music majors starting with the sophomore year should begin the Music 300 courses, individual study, listed in the college catalogue so as to provide ample time to fulfill the major requirement before the time of graduation. This includes Individual Voice and Piano for the Public School Music majors and Instruments of the Orchestra or Band for the Instrumental School Music majors. Music minors should enroll in Music 3 at 11 o'clock. All prospective Music majors enrolling in Music 3 should enroll in the 9 o'clock section.

Psychology

Psychology minors, or prospective Psychology minors, are advised that

the most feasible grouping at the present time is the "B" grouping (Catalogue, page 70).

Psychology 105 will be offered in the spring semester, and certain opportunities for election in Psychology. Certain courses in the "B" grouping will be offered during the summer session.

Physical Education

Students entering after August, 1931, and majoring or minoring in Physical Education must take "B" activity courses for credit in their major or minor. Such majors and minors should be programmed for three activity courses each semester in lower division.

P. S. 2 and 20 are required of Physical Education majors instead of Physical Science 10A. P. S. 2 and 20 will be given in the fall only. High school chemistry is a prerequisite. Physical Education majors intending to take course in the fall should enroll in Chemistry EA, 3 units, offered in Extension, spring, 1932. Chemistry EA may be used to meet Science requirements only with the consent of the Science Department.

Physical Science

Physical Science 2 and 20 are required of Physical Education majors instead of Physical Science 10A. P. S. 2 and 20 will be given in the fall only. High school chemistry is a prerequisite. Physical Education majors intending to take course in the fall should enroll in Chemistry EA, 3 units, offered in Extension, spring, 1932. Chemistry EA may be used to meet the Science requirements only with the consent of the Science Department.

Spanish

The course in Advanced Spanish is to be replaced by a course in free or directed reading yielding two or three units dependent upon amount of work done. Students should consult instructor before registering for this course.

Pre-Registration Committee general meeting will be held November 2 at 4 o'clock in the Registrar's office. Final instructions will be given to the committee; it is necessary that all members be present. All persons interested are invited to attend.

Miss Vance is now ready to interview all graduates for May, 1932. She will see them any time before November 6 she says.

The office will appreciate all copies of this week's Bay Leaf turned in there. The copies are needed for distribution, and if those students who are not planning to re-enter next semester will kindly turn their copies of the paper in at the office after they are through reading them, there will be enough to supply the need.

This edition of the paper contains some important information for those students planning to re-enter the college next term. Only one copy will be given each student and there will be no extra copies.

Those students needing required courses that are not listed on the new program should see Miss Vance at once so that proper arrangements can be made.

Mary Margaret Davis, chairman of the Student Advisory Council, and two members of the executive committee will meet all men and women interested in participating in advisory work of next semester in room 104 for the next two weeks. The office hours will be: Mondays, 3-4, and Tuesdays and Thursdays, 12-1.

At the last meeting of heads of state teachers' colleges in Riverside, the presidents clarified the entrance requirements by interpreting the various sections of the law that were not clear. The coming meeting will go further into the credential question.

Miss Henze, of the Training School Library, recently lectured to a class in Play Activities at the University of California.

NOTICE

ALL CLASSES ARE LIMITED.
ALL CARDS ARE NUMBERED TO CORRESPOND TO SIZE OF CLASSES.
PRE-REGISTRATION GUARANTEES PRIOR RIGHTS PROVIDED FEES ARE PAID ON MONDAY OR TUESDAY, JANUARY 4 OR 5

Novel Courses Offered

The psychology department is now offering attractive courses for the completion of the new psychology minor.

Psychology as a minor has recently been inserted into the curriculum. It offers an opportunity for the prospective teacher to prepare himself for special fields, such as mental testing, mental hygiene, and the teaching of sub-normal children.

During the following semester and summer school more courses along these lines will be available.
